**Re: Sexton Plaza Seawall**

Dear Mr. Connor:

This is to follow-up on our project at Sexton Plaza and to thank you for your services. I was not sure what to expect, but you were able to locate and mark the rebar in the existing seawall cap without any destructive testing that might have compromised the integrity of the seawall. I will definitely keep your services and firm in mind whenever I have similar "locate" projects. Thanks again for all your help.

Sincerely,

A handwritten signature in black ink, appearing to read "WBM", is written over the word "Sincerely,".
